Mission

We are committed to instilling skills, knowledge, and values in our children to give them an inner voice to face the challenges of the twenty-first century.

Our learning environment allows each child to nurture the learning minds: Empathetic Mind, Conscientious Mind, Focused Mind, Analytical Mind and Inventive Mind.

Our programmes are conducted through Pentemind curriculum, which is inspired by the ancient way of learning, Panchkoch or the five minds, aligned with NEP and NCF, carried through Playway and the Waldorf approach.

Pentemind
